

## PREFACE

***Tulip Love* proposes a marriage between Tulips and Divine Love . . . through us!**

*This is a standing invitation for You to “smell” the meaning of the Tulip Flower, inhale its wisdom and soar with its magic spell . . .*

*It celebrates the union between Flowers and Humans with parallels drawn between the two, desiring to see the delicate meaning of Life as we arrive at Higher Spiritual levels . . .*

*To observe the Heart-Shaped Tulip Flower in its delicate nature; to utter words of TULIPS with Your TWO LIPS; to embrace the meaning of this “External and Internal Flower;” to understand the Tulip-Wear, its Botany, Folklore, History and its uncanny charm.*

*You have it in You—to blossom so delicately, yet so resiliently, inside our modern world of challenging reality, therefore this is a humble attempt to entice You—into You!*

*Discover Your own luscious, delightful being . . . steam with flowery beauty and drop the masks that might make Your face tight, small or fearful!*

*Here You Are Invited To Be Yourself; feel like a Loved Child while being honored as a King or a Queen in the midst of a Glorious Tulip Kingdom!*
